Britishers Apologizing.

Britishers Apologizing.

London, Nov. 2.—The American horses, trainers and jockeys wound up the racing season at Newmarket in such a glorious style as to cause a general reversal of opinion on the part of race-goers. Today no word is too good for the Americans.

J. Reiff, who had been reported as having lost his riding abilities has not only astonished the English turf, but has proved a bonanza to the bookies, who, on the Cambridgeshire, won enormously.

The Sporting Times intimates that Mr. Whitney and Huggins may return to the English turf, saying: "It is by no means impossible that in the course of a few weeks Huggins will return in charge of Mr. Whitney's horses. Mr. Whitney keeps Heath House and his lease of Lady Meux's and Major Loder's horses will be allowed to run its course."

For Shortening the Lexington

Track 44 Feet.

Lexington, Ky., Nov. 2.—The investigating committee appointed by the Kentucky Breeders and Trainers at a mass meeting last Monday completed its labor today and will report its findings at another meeting Monday-noon. Trainer Dan O'Brien, the last witness examined, told the Committee that he was responsible for the moving of the three-eighths pole at the Kentucky Association track by which the distance to the wire was for one day reduced 44 feet and 3 inches. O'Brien was seen after the committee adjourned and admitted that he had assumed the responsibility, but declined to discuss the case. He was trainer of and with Messrs. Jack and Phil Chinn, held an option on the Wagner Marguerite-Jane colt which on trial over the short three-eighths, showed what was considered the remarkable speed of 36 1-4 seconds. C. F. Hill, who had come her from New York, as representative of Clarence Mackay to see the colt work, returned with an option said to be \$10,000 Mackay wanted a fast youngster, and this one had been recommended. The option held by O'Brien and the Messrs. Chinn, secured from the owners of the colt, was \$2,500. The Messrs. Chinn testified that on the day following the colt's trial they learned that the distance was short and that the elder Chinn had wired Mr. Mackay so informing him. Answering telegrams were shown to the committee.

ficial to the Alabamians.

Auburn, Nov. 2.—(Special.)—The football game to be played here Monday afternoon at 3 o'clock between the football teams of the Alabama Polytechnic Institute and the University of North Carolina promises to be one of the most interesting games of this season. The Auburn boys have been training very hard this week and have improved their playing in many points. The team is composed almost entirely of new men and the experience in the two games they have played against teams composed of old men has been of great value to them and will help to make the game Monday against a very strong team the best game they have played so far.

WILL RIDE KING'S HORSES. Success of Jockey Danny Maher or English Tracks

New York, Nov. 2—According to the New Market, England, correspondent of The World, Danny Maher, the little American jockey, is now the premier rider of the world. He has been engaged to ride the horses in charge of Trainers T. B. Blackwell and Richard Marsh at the combined salary/of \$35,000 for the next season, the highest amount ever paid any jockey in the world for a year's work season, the highest amount ever paid any jockey in the world for a year's work in the saddle. Marsh trains for King Edward VII. The eugagement of Maher as jockey is regarded as a tactful way of expressing the King's opinion that he is not prejudiced against American rid-ers. Maher spoke to The World repre-sentative on the subject of his being engaged to ride King Edward's horses as follows:

as follows:
"My first engagement next season is

for the Blackwell's stables and Richard Marsh is to have second call on my services. Mr. Marsh trains for King Edward, and my retainer, of course, includes riding the King's horses.

"This has been the most successful season I have ever had. I have ridden eighty-five winners this year. I rode three today. I think the English tracks are better than the American courses. The former are much easier to ride on. I have been treated very well. I will go to my home in Hartford, Conn., in December, but will return here in March. It is possible the King's horses may be again leased next year to the Duke of Devonshire, in which event I shall not ride the King's colors."

CORNELL PLAYS PRINCETON A HARD GAME.

Columbia Smothers Pennsylvania and West Point Plays Yale a Tie Game North Carolina Easily Defeats Georgia.

Cambridge, Mass., Nov. 2.—Harvard easily defeated Brown this afternoon 48 to 9. Five touch-downs were made in the first half and three in the second. The Harvard line was much stronger than Brown's and effectually stopped Brown's rushing while it allowed Harvard's plays to get well under way without being broken up. The strength of Harvard's attack is shown by the fact that in the first half she punted only once, scoring her five touch-downs by a consistent rushing game. In addition Harvard once advanced the ball from her own fifteen yard line to Brown's two-yard line by rushing, only to lose it on a fumble. Brown could gain her distance only once and could not hold Harvard on downs a single time. Easy for the Crimson. single time.

Ithaca, N. Y., Nov. 2.—Princeton scored a hard fought-for victory over Cornell this afternoon, the final score being 8 to 6. Princeton won on a safety allowed by Referee Wrightington which was vigorously protested by Cornell. The game was the longest played on Percy Field in was the longest played on Percy ried in several years. It was too dark to distinguish the teams before time was called and because of this the deciding play was made more uncertain. The score had stood 6 to 6 throughout the greater part of the second half and a tie game was looked for.

Several features stand out pro-Several features stand out prominently in the result of yesterday's football games but the two to hold the attention of local friends of the Eastern teams were the humiliating defeat of the University of Pennsylvania by Columbia and the tie game that West Point played Yale.

After the strong showing the New Yorkers made against Yale one week ago a hard game was expected from them, but it was not dreamed that Columbia could defeat Pennsylvania yesterday—and decisively too. The strong game that decisively, too. The strong game that West Point put up against the strong Harvard team some weeks ago made friends of the Soldiers look for a strong game but to play play Yale to a standstill was more than the most enthusiastic friends of the West Pointers hoped for.

Princeton yesterday had her line cro Princeton yesterday had her line cross-ed for the first time this season, but it took the strong Cornell team to do the trick, and the Lugacans came in an eye-lash of tieing the Tigers. These are un-doubtedly the strongest of the Eastern teams and the Montgomery friends of both Princeton and Cornell were jubilant when The Advertiser returns came in last night. last night.

The decisive victory of the University of North Carolina against Georgia yesterday makes things look pretty dubious for Auburn tomorrow when they play the Tarheels. The North Carolina team, however, is recognized as the strongest in the South and Georgia will probably make a much better showing against Tuscaloosa in Montgomery next Saturday than they did in Atlanta against North Carolina vesterday. The University of Nashville is consistently holding its fine record and yesterday defeated Sewanee by a decisive score

Neighborhood of \$3,000,000.

Hiffalo, N. Y., Nov. 2.—The Pan-Amerigan Exposition ended at 12 o'clock tonight, when President Milburn pressed an electric button and the lights in the famous electric tower grew dim for the last time. The exposition has not been a financial success, but it is believed the benefits derived from it will be of great value to the commercial interests of the country. The financial loss will be in the neghborhood of \$3,000,000. The loss will fall upon the holders of the common stock, the holders of second mortgage bonds and the contractors who erected the buildings.

The total number of admissions for the six months was close to \$,000,000. An average of 2,000,000 a month had been figured on by the exposition officials. The great snow storm of last April was a severe blow to the exposition. The killing of President McKinley was another blow to the exposition. The attendance had been increasing steadily un to the date of the assassination, but the gates were closed for two days and when they were re-opened there was a drop of 12 per cent in the attendance and no improvement followed.

THE POLICE ELECTION

COUNCIL WILL CHOOSE NEW FORCE TOMORROW NIGHT.

Great Interest is Manifested as It is Uncertain Whether Present Force Will Stay or New Men Will Be Chosen.

Tomorrow night will be an important and interegting one to the members of the city Police Department, for the new Council will elect a new police force, both day and night men. from the night Captain, day and night sergeants through the list of patrolmen.

There are thirty-four regular men on the force, including the officers mentioned above, and naturally they feel a bit anxious. Their friends are working hard to secure their retention.

The force was elected by the last Council two years ago, though of course there have been several changes since then. Night Captain Taylor was promoted to the office he now fills some months ago, succeeding Captain John Martin, and Day Sergeant Hugh Cowling was promoted from the ranks of patrolmen.

The force elected tomorrow night will serve two years, the Chief using his discretion, of course, as to changes.
